### What is a SKILL?

A SKILL is Somthing that "can" Keep an Individual Leading in Life.

By something i mean an attribute you possess

The use of "CAN" in that definition is to make you see the possibility of a SKILL.

Because having a skill does not necessarily mean you will lead in life, except the skill is developed by putting it into use.

A business is RISKY when you have little or no knowledge about it.

BUT it is RISK FREE when you a knowledgeable in It

**Three important factors for financial success which every business or career person must know is this**

**1. People skill:** this is your ability to understand, manage and relate to people. If people don't like you, even if you are selling gold nobody will buy it.

It is required of every entrepreneur and career person to have a warm and welcoming environment around them.

2. **Integrity and gaining Trust:** you must build yourself to be trusted by people, the moment they have your trust then they believe whatever you say and will go extra mile to buy it from you and also refer people to you.
3. **Consistency:** sometimes when I see people who are lovable and trusted and still financially challenged, I discover that oftentimes what they lack is consistency and hard work. The ability to have people love you and trust you, are already two powerful tool that you can harness to the growth of your business or career.

## **AFFILIATE MARKETING SKILL A POWERFUL SKILL CASH GENERATING SKILL IN THE 21ST CENTURY**

The Flowchart showing the different types of hard and soft skill was gotten from the number one professional online website LinkedIn.

We know that LinkedIn prescription is based on global standard of practice.

As you can see from the flowchart affiliate marketing is one of the top three hard skills someone need to possess in the 21st century.

And one affiliate platform I can prescribe majorly for NIGERIA, USA and other countries who can use the paystack platform is EXPERTNAIRE.

## **WHAT IS AFFILIATE MARKETING?**

Affiliate marketing is a kind of marketing whereby the affiliate also known as the sales rep recommends high value product owned by someone else to a set of customers thereby creating a win-win scenario, customers are happy for the value they've gotten and you are happy for the cash you have earned as an affiliate.

You see when such happen people who buy from you come back thanking you for the value they've

gotten and this further increase respect and love from your customers, while you have made money for yourself.

Doing this Corona pandemic while I was in search of online opportunities to explore that will help sustain me, I discovered affiliate marketing and have through online business I have been able to generate above \$1000, in a space of less than two months.

See proof in the other PDF

EXPERTNAIRE is an affiliate platform where you learn from Expert in digital marketing.

Expertnaire provide you three major things

- 1. SKILL DEVELOPMENT**
- 2. MAKE CASH**
- 3. GIVES YOU CASH AND VALUE GUARANTEE.**  
( this guarantee comes with the fact that certain products on this platform gives you the opportunity to request for your money back, If you dont feel satisfied with the value rendered.

THIS IS INDEED AMAZING.

While I bring this teaching to a close, I would like to express that if you must borrow money, and you have the choice to choose between acquiring a skill and starting a business, I would strongly recommend from experience that you get that money to acquire a skill, because a business established can be affected by unknown economic crisis just like the Corona we have today, but the skill you have acquired cannot crash or experience economic crisis. You have acquired it and it remains

yours and a skill mastered and put into business with help you do excellently.

.

.

As a result of the corona outbreak and its ravaging effect on the economy and businesses, I started the Journey in April to help 1000 persons improve their financial life by the end of 2020.

.

.

Honestly it has been an amazing journey

.

However, from this class I will only accommodate 50 persons who will join me on this train to become and affiliate marketer.

.

.

I will avail my self for mentorship, and as you make progress, I will like that you share your testimonies to those in class too
